(b) In addition to all other provisions of this part, a sugar beet or sugarcane processor is eligible for loans only if the processor has agreed to all the terms and conditions in the loan application, and has executed a note and security agreement, and storage agreement with CCC. No loan proceeds will be distributed by CCC before CCC's approval of the note and security agreement and the CCC storage agreement.

(c) Sugar pledged as collateral during the crop year:

(1) May not exceed the quantity derived from processing domestically-grown sugar beets or sugarcane from eligible producers during the applicable crop year;

(2) Must be processed and owned by the eligible processor and stored in a CCC-approved warehouse;

(3) May not have been processed from imported sugarcane, sugar beets, or molasses;

(4) Must have been processed in the United States; and

(5) Must have processor certification in the loan application that the sugar or in-process sugar syrups are eligible and available to be pledged as collateral.

(d) Sugar and in-process sugar must meet the following minimum quality requirements to be eligible to be pledged as loan collateral:

(1) Refined beet sugar to be pledged as loan collateral must be:

(i) Dry and free flowing;

(ii) Free of excessive sediment; and

(iii) Free of any objectionable color, flavor, odor, or other characteristic that would impair its merchantability or that would impair or prevent its use for normal commercial purposes.

(2) Raw cane sugar to be pledged as loan collateral must be:

(i) Of reasonable grain size; and

(ii) Free of objectionable color, flavor, odor, moisture or other characteristic that would impair its merchantability or that would impair or prevent its use for normal refining and commercial purposes.

(3) Edible sugarcane syrup or edible molasses must be free from any objectionable color, flavor, odor, or other characteristic that would impair the merchantability of such syrup or molasses or would impair or prevent the use of such syrup or molasses for normal commercial purposes.

(4) In-process sugar must be of at least the minimum quality expected to commercially yield raw cane sugar or refined beet sugar, as determined by CCC.

(e) The loan collateral must be stored in a CCC-approved warehouse as described in 7 CFR part 1423.

§ 1435.103 Availability, disbursement, and maturity of loans.

(a) Before obtaining a loan, a processor must:

(1) File a loan application, as CCC prescribes, no earlier than October 1 and no later than September 30 of the applicable crop year, with the State committee of the State where such processor is headquartered, or with a county committee designated by the State committee.

(2) Execute a note and security agreement, and storage agreement with CCC;

(3) Provide quantity and quality information as prescribed by CCC of the commodity to be pledged as collateral;

(4) Pay CCC a loan service fee, as determined by CCC, for the disbursement of each loan.

(5) If there are any liens or encumbrances on sugar or in-process sugar pledged as loan collateral, obtain waivers that fully protect CCC's interest even though the liens or encumbrances are satisfied from the loan proceeds. No additional liens or encumbrances shall be placed on the sugar after loan approval; and

(6) Agree to reimburse CCC for any costs incurred as a result of the failure of the processor to obtain the waivers specified in subparagraph (5).

(b) No loan proceeds may be disbursed until the sugar and in-process sugar have actually been produced and are otherwise established as being eligible to be pledged as loan collateral.

(c)(1) A processor may, within the loan availability period, repledge as collateral sugar that previously served

as loan collateral for a repaid loan. In making application for such a loan, the processor shall:

(i) Specify that the loan collateral should be treated as a quantity of eligible sugar that previously served as loan collateral for a repaid loan; and

(ii) Designate the loan to which the reoffered loan collateral was originally pledged.

(2) The subsequent loan shall have the same maturity date as the original loan.

(3) Loan collateral repledged that was previously redeemed from CCC is not included in determining the total quantity of sugar on which loans have been obtained for purposes of §1435.102.

(d) Raw cane sugar loan disbursements shall be made without regard to the actual polarity or quality factors of the sugar pledged as loan collateral but shall be made on the assumption that the polarity of such sugar is 96 degrees by the polariscope.

(e)(1) Loans will mature at the earlier of:

(i) the end of the 9-month period beginning on the 1st day of the first month after the month in which the loan is made; or

(ii) September 30 following disbursement of the loan.

(2) CCC may accelerate loan maturity dates under §1435.105(h).

(f) Processors receiving loans in July, August, or September may repledge the sugar as collateral for a supplemental loan. Such supplemental loan shall:

(2) Be made at the loan rate in effect at the time the supplemental loan is made; and

(3) Mature in 9 months minus the number of whole months that the initial loan was in effect.

§ 1435.104 Loan maintenance.

(a) All processors receiving loans shall:

(2) Pay interest on the principal at a rate determined in part 1405 of this chapter.

(b) The security interests CCC obtains as a result of the execution of se-

curity agreements by sugarcane and sugar beet processors shall be superior to all statutory and common law liens on raw cane sugar, refined beet sugar, and in-process sugar for the producers of sugarcane and sugar beets and all prior recorded and unrecorded liens on the crops of sugarcane and sugar beets from which the sugar was derived.

(c) A processor receiving a loan under this part shall pay all eligible producers who have delivered or will deliver sugar beets or sugarcane to such processors for processing not less than the minimum payment levels CCC specifies for the applicable crop year.

(1) In the case of sugar beets, the minimum payment shall not exceed the rate of payment provided for under the applicable contract between a sugar beet producer and a sugar beet processor.

(2) CCC will not reject a loan application from a beet sugar processor from eligibility to obtain a loan under this section solely because of the failure of the processor to provide the appropriate minimum payment established under this subsection if the failure:

(i) Occurred during a crop year before the date of enactment of the Farm Security and Rural Investment Act of 2002; and

(ii) Was related, at least in part, to the effects of a natural disaster, including freeze damage.

(3) In the case of sugarcane, CCC will annually determine and announce the annual grower minimum payment.

(4) Processors are ineligible for loans for the crop year following their failure to meet the required minimum grower payment.

(d)(1) A processor shall maintain eligible sugar or in-process sugar of sufficient quality and quantity as collateral to satisfy the processor's loan indebtedness to CCC. CCC shall not assume any loss in quantity or quality of the loan collateral.

(2) The processor is responsible for storage costs through the loan maturity date or title transfer to CCC, whichever occurs later.

(3) Sugar and in-process sugar pledged as loan collateral need not be stored identity preserved.

(4) When the proceeds of the sale of loan collateral are needed to repay all
